

11/23/2020

Chris Scott, Pres SCTA

Proposed changes to P&P

Reference to Section D: Registration and Lottery Drawing Procedures:

Section 2 e: list of team or group members with CAM number (not required for subs)

Change: Remove (not required for subs)

Add: All potential team/group members must be listed.

Section 3: All players taking part in team or group play must be paid members of the SCTA at the time of submission. Captains and group leaders are responsible for ensuring that all players are SCTA members. If your team or group has players who are members of SCTA, your request will not be processed.

Add: If Captains/leaders allow regular play from non-SCTA members, the entire team/group will be sanctioned for the remaining duration of the season. Willful rule violations may also result in sanctions on the Captains/Leader. A significant benefit for SCTA paid members is the priority in obtaining season courts for teams/groups and this benefit should not be freely handed over to non-members.
