**In just 9 months WE HAVE RECYCLED...**

**26,000**  
Tennis Balls

**6,900**  
Tennis Ball Cans

**28,000**  
Plastic Drink Bottles

**201 pounds** of aluminum, tennis lids, and beer cans

**We are recycling 99% of tennis balls, tennis cans,  
aluminum lids, and plastic tops.**

 **RECYCLE  
BALLS**

Every year more than 125 million used tennis balls consume space at landfills across America.

It's a big deal, since it takes 400 years for a ball to decompose.

"Our mission is to recycle and reuse every tennis ball in the United States"
