

Effective March 2022

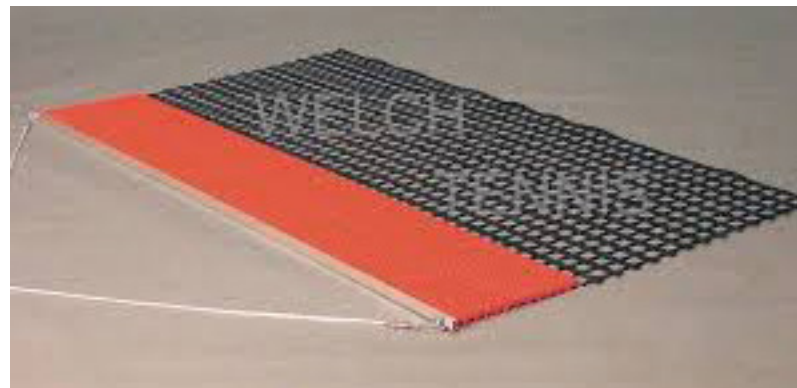

# COURT GROOMING TIMES

Players are to groom the courts twice a day.

**GROOM** at the start of the 12:00pm court time

**GROOM** at the end of the 3:30pm court time

## COURT GROOMING PROCEDURE

### TO GROOM THE COURTS:

- Drag the Rosette Mat (pictured above) with the “nubby” side down, around the entire court; you may also use a court broom;
- Using both mats or brooms, drag both sides of the court. It does not matter which direction you go;
- Be careful when going over the lines as the mat can catch a nail that might be slightly raised;
- Please drag the mat as close to FENCES AND COURT BOUNDARIES as possible to activate the clay and avoid algae; and
- Please return the mats to the hangers provided on the fences.  
**Do not drape** the mats over the low side fences.

# Members and Guests

## Footwear on the Court

**Only TENNIS SHOES** can be worn on all courts because tennis shoes will not damage the surface.

### YES

Wear tennis shoes that have a light tread and general herringbone pattern.

### NO

Running / trainers are **NOT** suitable for tennis as the tread is too deep and heavily patterned and can cause damage.
