6. TENNIS RESERVATION PROCEDURES

Chelsea Tennis Reservation System and Facilities

- Tennis reservations are requested/booked through the [Chelsea Tennis Reservation System](https://hiltheadct.chelseareservations.com) (<https://hiltheadct.chelseareservations.com>) or by phoning the Logo Building at 843-705-6234.
- Residents must enroll in the Chelsea system at the Logo Building where Logo staff can assist you. **A CAM card does not provide automatic enrollment.**
- Court reservation instructions are provided on “The Easy Sheet,” which can be picked up at the Logo Building or accessed through [The SCTA External Website](https://www.sctatennis.com) (<https://www.sctatennis.com>) under Documents, Board Documents.
- Selecting a time range rather than a specific time results in increasing the odds of getting a court.
- Linking courts together increases the chance of getting overflow.
- Chelsea accepts requests for courts from 4 - 7 days in advance of the day of play and allows bookings 3 days before day of play.

Request and Booking Options

- The REQUEST OPTION allows for only one play per day rule. Any player may make a single request 4 – 7 days in advance of the day of play. Requests should reflect the names and number of players planning on playing.
- The BOOKING OPTION allows for multiple plays per day if courts are available. After the placement of requests are made and 72 hours before the day of play, unreserved courts may be reserved on a first-come, first-serve basis. HOWEVER, if you are a player already listed on a court assigned through the request option, the only way to be listed on an additional court is through the staff at the Logo Building.

Rules for use of Chelsea

- **Canceling a Court**
 - If circumstances arise and you cannot use a confirmed booking, cancel the court through [Chelsea](https://hiltheadct.chelseareservations.com) (<https://hiltheadct.chelseareservations.com>) or notify staff at Logo Building, as soon as possible.

SUN CITY TENNIS ASSOCIATION

- **Court Forfeiture**
 - A court is forfeited unless at least two players appear within 10 minutes of the start time. It is then available on a first-come, first-serve basis.
- **Identifying Players**
 - Every attempt should be made to ensure people on the court are those identified in Chelsea. It is understood that on occasion, last minute substitutes can occur.
- **Court Reservation Sheet**
 - After staffing hours, a court reservation sheet is placed in a slot file hanging outside the Logo Building side window. Access reservation information on Chelsea app. Reservations have priority.
- **Placement Preferences**
 - Chelsea will place requests for residents before any request involving guests. Currently, there is no prioritization for doubles over singles, but this may change as our population grows.
- **Chelsea Home Page**
 - [The Chelsea Home Page](https://hiltheadct.chelseareservations.com) (<https://hiltheadct.chelseareservations.com>) displays weather conditions and status of court closures. This information is updated as needed during changing weather conditions.

Guests of Residents (SCHHCA)

- The Sun City Hilton Head Community Association (SCHHCA) requires that anyone playing on Sun City tennis courts who is not a resident must pay guest fees. These fees are community based and they apply at all times.
- There is a \$10 guest fee that will be charged to the guest sponsor's CAM card for each guest up to a total of \$20 per court.
- Residents should identify and check-in their guest(s) at the Logo Building when staffed.
- Residents are responsible for their guests and should ensure guests understand and comply with tennis guidelines and procedures, including proper footwear as described in [Dress Code - Section 5, Page 10](#).

SUN CITY TENNIS ASSOCIATION

- It should be noted that using “guest” in the Chelsea request option will move that request to the end of all other requests, and if “guest” is still listed on day of play, the player in the first position will be charged the guest fee(s).
- For further information, please refer to the Schedule of Fees and Community Rules for the current year and look under Health and Wellness Fees.

SUN CITY TENNIS ASSOCIATION

9. TEAMS, GROUPS, AND INTRACLUB PLAY

Seasons

A season may include several different types of play, including USTA, Intraclub, Rookie League, New-to-Tennis, Men's Hybrid League, and social groups. All participants must be SCTA members. The three seasons occur

- approximately Feb 1 – May 31: spring season
- approximately Jun 1 – Aug 31: summer season
- approximately Sep 1 – Jan 31: fall season

Use of Courts and Times

- SCTA may reserve courts from 12:00 pm to 7:00 pm.
- SCTA court times include two, two-hour intervals from noon to 2:00 pm and 2:00 pm to 4:00 pm, for leagues. These are followed by 90-minute sessions.
- For any USTA/Adult flight, three courts are normally reserved; guest fees do not apply as each participating team offers hosted matches at their facility. These court assignments follow the USTA South Carolina Match Schedule and Rules. Usually, USTA matches are played at 2:00 pm using the second, two-hour time slot.
- Depending on the number of players, three to nine courts are usually reserved for each SCTA men's or women's Intraclub League (2.5, 3.0, 3.5, and 4.0 levels). Usually, Intraclub matches are played at noon using the first, two-hour time slot.
- Courts may be reserved for leagues catering to new players. In all cases, please check Chelsea for specific days and times. Usually, these leagues do not play in December, January, or February. These leagues include:
 - Tuesday afternoons at 2:00 pm, SCTA offers New to Tennis, a tennis workshop for 2.5 or below players usually scheduled on the North Side.
 - Sunday afternoons from 2:00 – 4:00 pm, there is Rookie League for players 2.5 and under as well as returning players. Rookie League is scheduled during spring and fall. Please check Chelsea for specific courts.
 - Men's 2.5-3.0 Hybrid Tennis - Meets on Sundays from 2:00 – 4:00 pm.

SUN CITY TENNIS ASSOCIATION

Reserved Play Limitations

Because of the popularity of tennis, SCTA uses two methods to help evenly distribute available court time during the hours it oversees.

- The first is a simple check to see if there are fewer than four reservations per individual for any given week. If there are four or more, then extra inspection is warranted to ensure no individual player exceeds a limitation of six total reservations. There are some exceptions, including
 - some leagues involve so many people that any one person's commitment to court time is inconsequential; and
 - exceptions are granted for teams or social groups playing at 5:30 pm or later in spring and fall, unless afternoon play becomes overly congested.
- A second, more precise measure of pre-placement limitation is applied, tracking the expected plays per week in prime time (12:00 pm to 5:30 pm) as a result of pre-placement and limiting this value to 2.6 at the beginning of each season.
 - This method accounts for the fact that a reserved spot on a team does not translate directly to the actual likelihood of playing that week. The following percentages of various play during each week indicates the pre-placement value attached to each. For each registration on which a CAM # appears,
 - a USTA team commitment adds **0.15** toward the limit of 2.6,
 - an Intraclub commitment adds **0.45** toward the limit of 2.6,
 - a social group commitment adds **0.7** toward the limit of 2.6.
 - These personal commitments are tracked in season setup software and carefully monitored. If a player approaches or exceeds the 2.6 pre-placement limit, s/he and her/his captain are notified.

SUN CITY TENNIS ASSOCIATION

Registration and Lottery Reservation Procedures

SCTA provides the opportunity for its members to reserve 1-3 courts for the duration of a season. This process includes ALL social and league requests. All efforts are made to place each group on courts, but placement is not guaranteed. The process includes the following steps.

- Six to eight weeks prior to each Lottery, specific instructions are posted on [The SCTA External Website](https://www.sctatennis.com) (<https://www.sctatennis.com>) under Leagues/Schedules/Forms, Lottery Guidelines & Seasonal Leagues) describing the registration process.
 - Members must go to the “Forms” page and identify intent to lead a group or captain a team, etc.
 - A link to a registration form is then sent to each applicant.
 - Fill out the information required by the form and submit.
 - The lottery season setup team can then determine the optimum court usage and personal commitment levels for the upcoming season.
- Social groups of six or more players may reserve one court for a season. In order to reserve two courts, 12 or more members are required. For three courts, 16 or more members must be listed on the reservation. Three court groups are allowed at 4 pm or later on weekdays, and any time after noon on weekends.
- All players taking part in a team or social group must be paid members of SCTA at the time of submission. Team captains and social group leaders are responsible for ensuring that all players are SCTA members.
- USTA team captains must submit the form to SCTA (in addition to notification of BBTL USTA coordinators) so the season setup team can ensure courts are available. USTA teams are not subject to limitation in number of players for SCTA purposes. They are limited by USTA rules.

SUN CITY TENNIS ASSOCIATION

Duties of Lottery Court Leaders

- Social Group Leaders
 - A social group leader controls/manages player names in Chelsea. Four days prior to next day of play, Chelsea runs and sends a confirmation number for the courts to each player listed. Social group leaders (in position one) choose players names from the group roster and decide who will play. Once players are determined, the social group leader inserts the appropriate names in the Chelsea reservation using Booking, Add/Edit or Delete players. Failure to comply with these rules has consequences.
- USTA and Intraclub Captains
 - For leagues (USTA, Intraclub, Interclub matches), names are not required in Chelsea.

USTA General Guidelines

USTA is a progressive and diverse not-for-profit organization whose volunteers, professional staff, and financial resources support a single mission – to promote and develop the growth of tennis.

At Sun City, players wishing to play on an SCTA sponsored USTA team, must be an SCTA member with a current USTA rating. Club ratings (see SCTA Intraclub League General Guidelines, Club Rating.) are not the same as USTA ratings. SCTA supports both men and women's USTA teams of various levels (2.5 – 4.0) for those interested in playing more competitive tennis.

Generally, USTA matches are scheduled at 2:00 pm to allow for the completion of matches while not interfering with other leagues. In addition,

- USTA captains are SCTA members who step up to form and lead players into the more competitive world of USTA tennis; and
- USTA matches take place in and outside the gates of Sun City. Generally, these matches occur weekly with day of play being determined by local USTA coordinators. For Sun City, the local organization is Beaufort Bluffton Tennis League, or BBTL for short. The start time of USTA matches is determined by each local hosting facility.

SUN CITY TENNIS ASSOCIATION

- For more information on USTA teams at Sun City, please refer to the SCTA website (sctatennis.com) or contact our USTA Liaison whose contact information is in the membership directory.
- SCTA members who can guide you in USTA and all other areas of SCTA tennis are the Tennis Ambassadors, whose contact information is on the SCTA website, “Getting Started” sheet, and the membership directory. Take advantage of these volunteers; they are here to help you.

Guidelines for SCTA’s Competitive Programs

FIRST AND FOREMOST: if a member wants to play social tennis exclusively, a Self or USTA S rating is accepted. SCTA sponsored tennis socials are non-competitive events where ratings are not required.

SCTA’s competitive programs currently include Intraclub Leagues, World Team Tennis Leagues, Mix & Match Tournament and Club Championship Tournament. The **mission** of any of these programs is to provide a competitive, structured, and fun opportunity for **like-rated** SCTA members. Fair play and parity among teams is an expectation.

SCTA Rating Policy

SCTA is aware that ratings can be a sensitive issue for some of our membership. Some members rarely think about their rating while others are emotionally invested. SCTA recognizes that its policy can never please all members; nevertheless, our goal is to have a policy that promotes the **mission** as stated above.

SCTA will accept two types of ratings for its competitive programs: **Club rating and USTA C rating**. SCTA will **not** accept any Self rating or USTA S rating for its competitive programs.

ACCEPTABLE

1. Club rating – a rating provided by Sun City’s tennis professionals based on performance at a rating clinic. Players who have already received a Club rating from Intraclub Coordinators will retain that rating.

2. USTA C rating – a computer-generated rating based on performance in USTA matches over a period of time.

Note: An appeal granted by USTA (USTA A Rating) shall be treated the same as a C Rating.

SUN CITY TENNIS ASSOCIATION

UNACCEPTABLE

3. Self rating – a rating that a member provides for themselves when registering for SCTA membership - based entirely on the member's self-evaluation.

4. USTA S rating - a self rating based on answers to a questionnaire that a player fills out when joining (or rejoining) USTA - the answers are taken at face value.

5. USTA *Expired* rating - player has been inactive in USTA for so long that their rating has expired; player no longer has the rating they once had. The player's rating type is changed to a Self rating in SCTA's database.

Rating changes will be obtained through the following:

1. New Members - New SCTA members without a USTA C rating, *MUST* obtain a club rating to participate in any competitive SCTA events including Intraclub Leagues, World Team Tennis Leagues and SCTA tournaments. If a member is interested in playing social tennis exclusively, a Self rating or USTA S rating is acceptable.

2. Current SCTA members with a USTA C (Computer) rating - Any current SCTA member with a USTA C (Computer) rating can participate in SCTA competitive events.

3. Current SCTA members who are Self rated - Current SCTA members who are Self rated *MUST* get club rated in order to be considered for play in any SCTA competitive event. Individuals may sign up for a Club rating clinic once every six months.

4. Current SCTA members seeking a level change - Any SCTA member who wishes to determine current skill level can be Club rated by signing up for a Club rating clinic, which they are able to do once every six months. The outcome, either up or down, will be valid for Sun City competitive events and if higher, will supersede a lower USTA rating for Sun City competitive events.

NOTE: In a situation where a player has two ratings (Club and USTA), the higher rating prevails for all SCTA competitive tennis. If someone has a 3.5 USTA C rating and gets re-rated at a 4.0 Club rating, they may not enter an SCTA tournament at the 3.5 level.

APPEALS of Club ratings - SCTA members who wish to appeal their Club rating may do so by contacting the Pros and scheduling a meeting to discuss the outcome. If an individual has been playing Intraclub tennis, they may request that the Intraclub

SUN CITY TENNIS ASSOCIATION

coordinator provide supporting documentation to be presented to the Club Pros to assist in the appeal of a Club rating. The Appeal must occur within 10 days of the rating email provided to the member following the rating clinic.

5. Current SCTA members that are determined to need a Club rating based on their ability or inability to perform at current level - A player asked to Club rate under these circumstances is being asked to do so to support SCTA's competitive tennis mission statement. An individual may need to rate up or down based on the abilities displayed during play.

This can be a sensitive issue, but if evidence indicates that a player's overall match skills and performance record are not equal to or even exceed the required level of play, the player may be asked to get re-rated to determine the level at which they should be playing.

These situations require a **personal** discussion between the League Coordinator and the individual being asked to re-rate. The conversation should focus on evidence (match skills and performance record) that indicates the player needs to be evaluated to determine appropriate level of play.

Club Rating Clinic

Each month, generally the first Saturday, the tennis pros offer time to evaluate SCTA members' club ratings. If you want to participate, sign up at the Logo Building. The cost is \$5.

There are always at least two tennis pros at each clinic. In the clinic, you will be asked to

- warm up—including volleying at net, hitting back and forth across the net, hitting cross court;
- serve and return but do not play the points out;
- serve, return, and play points; and
- at times, move and play with and against various partners.

REMEMBER: the tennis pros are looking for an overall performance not just groundstrokes. What you do with your feet and how you position yourself after hitting the ball are very important. Relax and avoid having “cement” feet. The pros consider decision-making, ability to strategize, footwork, positioning, and other skills necessary to play at certain match levels.

If a member is unhappy with their revised rating, they can schedule a time to discuss it with the pro.

SUN CITY TENNIS ASSOCIATION

Post Rating Clinic Process

After evaluation, the tennis pro will provide the Logo Building staff with the list of players and their club ratings. Logo staff will notify the players and send the list to the Director of Membership for SCTA, as well as League Coordinators to update accordingly.

The Director, Membership, will update the electronic membership directory, denoting the level as Club Rated in lieu of a USTA, or Self-Rated. In the rating, players may receive an additional symbol indicating high skills (+) or lower skills (-).

An SCTA member can only apply for a club rating every six months.

League Options

- At Sun City, Intraclub leagues are established for men and women from 2.5 to 4.0 ratings. Since there are very few men at the 2.5 level, a special hybrid league for beginning male players is run on Sundays at this level.
- In general, Intraclub participation shall be inclusive for any SCTA member of like rating. It is not to be used as a means to acquire a private group outside of the Lottery.
- Each Intraclub has the option to elect a coordinator or have one appointed by the Board. The coordinator creates and manages a league, with teams, or a structured round robin program over a specified period of time each season. The precise construct shall be determined by a majority vote of league's members and communicated to the coordinator.

Duties of Intraclub League Coordinator

The League Coordinator shall establish details for her/his league such as the number and size of teams, the policy on use of subs, fees, etc. Special responsibilities of the League Coordinator include:

- Compile and publish weekly match results and team standings, as requested.
- Arbitrate conflicts.
- Act as a vote tie break in case captains are at an impasse.
- Act as a liaison between the Intraclub, BOD, and court scheduler.

SUN CITY TENNIS ASSOCIATION

- Create all documents and spreadsheets needed to run the league.
- Oversee the orderly running of the captains' meetings and draft.
- Verify that the captains abide by and adhere to the guidelines listed above.
- Each coordinator shall communicate the need to avoid going over scheduled time limits. Unlike USTA, Sun City Intraclub players must leave the courts at the end of their allotted time.
- Ensure all players are at skill level, and if not, enforce club rating policy.
