**To Register a Team:** The Captain or a designated player registers the team and generates a team number by using the Online Team Creation option under the My Quick Links heading on their personal USTA account page. 1) Sign in to TennisLink and select USTA League Home, which appears in small letters in the middle of the screen. 2) Under My Quick Links on the right hand side of the next screen, select Online Team Creation. 3) Select Southern as the Section, Select South Carolina as the District. 4) Select Bluffton Beaufort BBTL as the Sub Area, Select your age group and flight. 5) Enter your team name using this format: BBTL55/Licata/Hampton Lake (if you don't know your facility yet, use TBD.)

You will also have the opportunity to assign your facility. If it doesn't come up in the drop down menu, select Other Facility to perform a search by entering the zip code and the first letter of the facility name. Please note it will be listed exactly as it appears on match schedules. It's sometimes a little tricky to find the facility, we can assign it for you later if you have difficulty.

Once the person registering the team has paid, a valid team number will be generated. Individual players can register using the team number. Registration is \$20.15 per player.

The deadline to have at least the minimum number of players required is April 27. Registration will close for a few days after April 27 while schedules are being generated and then open up again so that you can continue to add players. You'll be able to add players up to the next to the last match in your schedule for 18+ and 40+ and up to the last match for 55+ and 65+.

Looking forward to a fun Mixed Doubles season!
